Local Agency Formation Commission

105 East Anapamu Street

Santa Barbara CA 93101

**Municipal Service Review and Sphere of Influence Update
for the Santa Maria Valley Water Conservation District**

Dear Members of the Commission:

Recommendation

It is recommended the Commission accept any public testimony, direct staff to make changes as needed and approve the enclosed Municipal Service Review for the Santa Maria Valley Water Conservation District.

It is further recommended that the Commission consider and approve the recommendation to update the District's Sphere of Influence.

Discussion

This matter was originally scheduled for hearing in February but has been continued from time to time to allow further consultation with the District and other local agencies with an interest in this particular report.

Complicating this matter, and perhaps a reason for the broad interest, is the fact that litigation is pending that involves the District, other local agencies in the Santa Maria Valley and landowners within the District boundary.

Please contact the LAFCO office if you have any questions.

Sincerely,

BOB BRAITMAN

Executive Officer
