Boundary Change Processing Procedures – Status Report

Dear Members of the Commission

RECOMMENDATION

It is recommended the Commission receive and file this report.

DISCUSSION

A staff performance objective for this year is to review and modify LAFCO processing forms and procedures for consistency with AB 2838 and present the revised materials to the Commission for its approval.

The staff has assembled a technical review committee of city, county and special district staff to review the revised filing requirements, application materials and procedures. The committee met in Buellton on June 29 and offered a number of constructive remarks and suggestions to improve the revised materials that were presented.

An ad hoc Operations Committee meeting is scheduled for August 1 to review the progress in this regard and obtain suggestions. It is anticipated there will be another meeting with the technical review committee before placing this matter on the Commission's agenda for approval.

Sincerely,

BOB BRAITMAN
Executive Officer
