SUBJECT: **LAFCO Project and Meetings Update**

*This is an informational report. No action is necessary.*

This is a periodic report of LAFCO staff activities. The last report was on May 29, 2012.

## Approved Proposals

The Commission approved the Jewkes Annexation to Goleta Sanitary District (LAFCO 12-2) on May 3, 2012; we are waiting for the County Surveyor-approved map and legal description in order to record this boundary change.

The Chair approved the Lee Out-of-Agency Service Agreement to Goleta Sanitary District (LAFCO 10-7) on December 14, 2010; the property is not yet connected to the District sewer, apparently due to an ownership change.

## Pending and Prospective Proposals

The Commission will consider the Hope Avenue Annexation to the City of Santa Barbara and related detachments (LAFCO 12-3) on July 5.

We initially thought the proposed Silverman Expansion of the Goleta Sanitary District Sphere of Influence would be ready to be heard on July 5 but it is still being analysed and will be continued to a future hearing date.

The City of Santa Barbara is preparing to file the Cieneguitas Annexation with related special district detachments (LAFCO 12-4). It is located at the intersection of Cieneguitas and Foothill Road and is proposed for a Sansum Clinic facility. It would hope to have the proposal heard at the September Commission meeting.
