

March 2, 2023 (Agenda)

Local Agency Formation Commission
105 East Anapamu Street
Santa Barbara CA 93101

**Work Program for Transportation, Parking, Street Sweeping & Beautification,
Lighting, Transit and Airport Municipal Service & Sphere Review**

Dear Members of the Commission

RECOMMENDATION

It is recommended that the Commission discuss and approve the proposed outline for the upcoming countywide service and sphere review regarding transportation, parking, street sweeping & beautification, lighting, transit and airport services in Santa Barbara County.

DISCUSSION

Pursuant to the direction by the Commission at the January 12, 2023 meeting, this report includes an outline and scope to conduct a report that will collectively analyze 23 agencies that provide such services. The report would include an analysis of the agency's ongoing operations, current financial performance, existing governance structure, ability to provide services, and its importance within its jurisdictional area. The report will include determinations required by State law.

A comprehensive service review analyzing multiple agencies that provide the same service may provide a better understanding of how agencies are financed, governed, and structured. Identifying best practices, regional issues and joint opportunities are key takeaways from service reviews.

The table on the next page illustrates the five volumes and identifies the agencies that would be a part of the respective service review.

Proposed Outline

Table B below provides an overview of the sections that will be covered in the upcoming countywide service reviews. Staff is suggesting three different chapters that will focus on various factors modeled after the Fire & Police and Water & Sewer MSRs. It is important to note that this is a draft outline, and the Commission is encouraged to identify any necessary modifications.

Table B – Proposed Outline for upcoming MSR Report

Chapters	Description
<p><u>Executive Summary:</u> Overview and Key Findings</p>	<p>This introductory section will specify the purpose of the report and how the comprehensive analysis will fulfill the state mandate outlined in the Cortese-Knox-Hertzberg Act (“CKH Act”)</p>
<p><u>Chapter One:</u> Service Review Determinations</p>	<p>This section will fulfill the service determinations in accordance with the CKH Act for all agencies (Government Code Section 56430).</p>
<p><u>Chapter Two:</u> Sphere of Influence Determinations</p>	<p>This section will fulfill the sphere determinations in accordance with the CKH Act for all fire districts (Government Code Section 56425)</p>
<p><u>Chapter Three:</u> Agency Profiles</p>	<p>This section will contain a review of each of the agencies within Santa Barabara County. Each profile will contain a summary of LAFCO’s findings, background information, and data regarding their operations and boundaries. The profiles will include tables and charts outlining the agency’s formation and duties, revenue attributes, types of service, infrastructure, conditions and maintenance for service. A map of the agency’s jurisdictional and sphere boundaries will also be included.</p>
<p><u>Appendix:</u> Acknowledgements & Relationship to other Service Reviews</p>	<p>This section will provide a description and sources of data, outline the network of service providers within the County including other private providers.</p>

Next Steps

The start of March, LAFCO staff will be sending out a survey to all the agencies in order to gather the necessary information for the countywide report. **Attachment A** provides a copy of the draft questionnaire. The agencies will have ~30 days to respond to the survey. The deadline to submit responses will be April 7, 2023. After LAFCO receives the requested information, staff will prepare an administrative draft of the service review. The draft report will then be shared with the agencies in August 2023 with a request for internal review and comments. This will be an opportunity to ensure accuracy in content and tone. Following the completion of the survey deadline and draft

report, LAFCO staff will schedule to present the final version of the countywide service and sphere review in December 2023. **Attachment B** outlines the service review process and highlights key dates.

ALTERNATIVES FOR COMMISSION ACTION

After reviewing this report and any testimony or materials that are presented, the Commission can direct one of the following options:

OPTION 1 – APPROVE the Staff recommendation regarding the outline, scope, and schedule for the Transportation, Parking, Street Sweeping & Beautification, Lighting, Transit and Airport Municipal Service and Sphere review.

OPTION 2 – DEFER the municipal service review for another time.

OPTION 3 – MODIFY the staff recommendation and direct staff to proceed with a municipal service review with a different outline, scope, or schedule.

RECOMMENDED ACTION:

APPROVE OPTION 1.
