

2007 “Olsen Report” concerning an evaluation of LFD service needs (see slides starting at #17): <https://www.cityoflompoc.com/Home/ShowDocument?id=14552>

January 7, 2014 staff report “Review, Discussion and Consideration of Fire Department Master Plan Priorities” (see background concerning approval of the FD Master Plan): <https://www.cityoflompoc.com/Home/ShowDocument?id=10362>

February 2015 fire department presentation (see slide #5): <https://www.cityoflompoc.com/Home/ShowDocument?id=9220>

From the 2030 General Plan (Note, the LFD cannot meet these performance metrics currently in northwest section of the city in the fire station #52 response area):

Public Service Policy #	Metric
3.1	The first fire department response units capable of initiating effective incident intervention shall arrive at a priority emergency within six minutes 20 seconds from receipt of the call at the dispatch center, 90 percent of the time. The first fire department response units capable of initiating effective incident intervention shall arrive at a priority emergency within six minutes 20 seconds from receipt of the call at the dispatch center, 90 percent of the time.
3.2	For moderate risk incidents, the Lompoc Fire Department shall assemble an Effective Response Force (ERF) consisting of personnel sufficient to effectively mitigate the incident based on risk within 14 minutes from receipt of the call at the dispatch center, 90 percent of the time.
