Ms. Carbajal, and the Commission:

I specifically requested notice of all agenda items and commissioner information regarding what is now designated as Business Item #1 for the next meeting.

That information has been posted as of 10:00 PM on February 29, 2024, but not noticed to me. Why not?

As LAFCO seems to want to ignore the law, we will take this up with the courts.

Thank you,

E. Patrick Morris
