Subject:	collection of waste in Isla Vista
Message:	<p>Dear LAFCO Board members: The Isla Vista Community Services District's Compost Collective is collecting and processing waste in Isla Vista. Collection of waste is the power and responsibility of the Goleta West Sanitary District. In this instance taxpayers are paying three times for the same "service". Our trash bill already includes composting by the County ReSource Center; we pay GWSD, and now we pay IVCSO. I am asking the LAFCO remind IVCSO of their powers--trash collection is not one of them.. Years ago your agency recommended against formation of the IVCSO because their services are duplicitous. Composting when our trash is already composted is a waste of taxpayer monies and outside the scope of IVCSO's services. Peter Neushul</p>
