

March 3, 2011 (Agenda)

Local Agency Formation Commission
105 East Anapamu Street
Santa Barbara CA 93101

Maps for the Directory of Local Agencies

Dear Members of the Commission:

Recommendation

It is recommended the Commission receive a presentation regarding maps of local agency boundaries and spheres of influence that are being prepared by the County Surveyor.

Discussion

When we receive an application to amend local government boundaries the County Surveyor reviews the map and legal description to ensure they are acceptable to County departments and the State Board of Equalization. Our office will not record and thereby complete a boundary change without a County Surveyor “approved” map and legal description.

In addition, the County Surveyor has been engaged with LAFCO in preparing and updating maps within our Directory of Local Agencies. The County Surveyor will provide a presentation to the Commission on the status of this mapping program.

This will be an informational presentation and no action is required.

Sincerely,

BOB BRAITMAN
Executive Officer
