INDEPENDENT AUDITOR'S REPORT

**To the Members of the
Santa Barbara Local Agency Formation Commission:**

Report on the Financial Statements

We have audited the accompanying financial statements of the Santa Barbara Local Agency Formation Commission (the Commission) as of and for the years ended June 30, 2019 and 2018, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Commission's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Commission as of June 30, 2019 and 2018, and the changes in net position and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 3 through 6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Commission's basic financial statements. The Supplemental Schedules of Revenues, Expenses and Changes in Net Position - Actual vs. Budget on pages 14 and 15 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Supplemental Schedules of Revenues, Expenses and Changes in Net Position - Actual vs. Budget are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplemental Schedules of Revenues, Expenses and Changes in Net Position - Actual vs. Budget are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

SANTA BARBARA LOCAL AGENCY FORMATION COMMISSION

NOTES TO FINANCIAL STATEMENTS

Note 1 – Nature of Organization

The Santa Barbara Local Agency Formation Commission (the Commission) is an independent agency created in 1963, by the legislature in Santa Barbara County. The Commission works closely with citizens, the county, cities and special districts on a variety of issues concerning the organization of local governments, jurisdiction changes, and public services. The Commission's statutory purpose includes discouraging urban sprawl, preserving agricultural land, and encouraging orderly boundaries based upon local circumstances and conditions, and promoting adequate public services. From its creation in 1963 to June 30, 2001, the County of Santa Barbara funded the Commission. Beginning July 1, 2001, the *Cortese/Knox/Hertzberg Local Reorganization Act* redefined the Commission's responsibilities and established a new funding method and process. The Commission, after accounting for charges and services is now funded in equal thirds by (1) the County of Santa Barbara, (2) the cities and (3) the independent special districts in Santa Barbara. The Commission adopts its annual budget by June 15 of each year and transmits it to each of the member organizations.

Note 2 – Summary of Significant Accounting Policies

A) Basis for Accounting and Measurement Focus

The Commission reports its activities as an enterprise fund, which is used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the Commission is that the costs of operating on a continuing basis be financed or recovered primarily through revenues generated by the Commission.

Enterprise funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

An enterprise fund is accounted for on the "flow of economic resources" measurement focus. This means that all assets and liabilities, whether current or long term, are included on the balance sheet. Revenues and expenses are recognized on the accrual basis, as such revenues are recognized in the accounting period in which they are earned and expenses are recognized in the period incurred, regardless of the timing of related cash flows.

B) Cash

For purposes of reporting in the statement of cash flows, the Commission considers all cash accounts with original maturity of three months or less to be cash equivalents.

C) Member Allocations

All member organizations are required to pay an allocation of costs of the annual Commission's budget.

SANTA BARBARA LOCAL AGENCY FORMATION COMMISSION

NOTES TO FINANCIAL STATEMENTS

Note 2 – Summary of Significant Accounting Policies (Continued)

D) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

E) Net Position

Net position represents the difference between assets and liabilities and is classified into three components as follows:

Net investment in capital assets – This component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net investment in capital assets excludes unspent debt proceeds.

Restricted – This component of net position consists of assets which are legally restricted by outside parties for use for a specific purpose.

Unrestricted – This component of net position consists of net position that does not meet the definition of “restricted” or “net investment in capital assets”. Dedicated net position represents unrestricted assets which are segregated by the Board of Directors for specific future uses.

All of the Commission’s net position is unrestricted. Board designated funds for contingency fund reserves are included in unrestricted net position as of June 30, 2019 and 2018 in the amount of \$130,000 and \$50,000, respectively.

Note 3 – Cash

The Commission maintains all of its cash in the Santa Barbara County Treasury. The County Treasurer pools and invests the Commission’s cash with other funds under its control. Interest earned on pooled investments is apportioned quarterly into participating funds based upon each fund's average daily balance.

A summary of cash as reported on the statement of net position and statement of cash flows, respectively, at June 30, 2019 and 2018 is as follows:

	<u>2019</u>	<u>2018</u>
Cash with the County Treasurer	\$ 219,086	\$ 90,070
Total cash	<u>\$ 219,086</u>	<u>\$ 90,070</u>

Investment Authorized by the California Government Code and the Entity’s Investment Policy

The Commission’s investment policy only authorizes investment in the local government investment pool administered by the County of Santa Barbara. The Commission’s investment policy does not contain any specific provisions intended to limit the Commission’s exposure to interest rate risk, credit risk, and concentration of credit risk.

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates.

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the California Government Code and the Commission’s investment policy, and the actual rating as of the year end for each investment type.

<u>2019</u>		Minimum Legal Rating	Exempt From Disclosure	<u>Rating as of Year End</u>		
<u>Investment Type</u>	<u>Amount</u>			<u>AAA</u>	<u>AA</u>	<u>Not Rated</u>

<u>2018</u>		Minimum Legal Rating	Exempt From Disclosure	<u>Rating as of Year End</u>

Total	\$ <u>90,070</u>		\$ <u>90,070</u>	\$ _____ -	\$ _____ -	\$ _____ -

Concentration of Credit Risk

The investment policy of the Commission contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. All of the Commission’s cash is held in the Santa Barbara County Investment Pool.

SANTA BARBARA LOCAL AGENCY FORMATION COMMISSION

NOTES TO FINANCIAL STATEMENTS

Note 3 – Cash (Continued)

Custodial Credit Risk

The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the Commission's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for investments. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to a local government's indirect investment in securities through the use of mutual funds or government investment pools (such as Santa Barbara County Investment Pool).

Investment in Santa Barbara County Investment Pool

The Commission is a participant in the Santa Barbara County Investment Pool that is regulated by the California Government Code. The fair value of the Commission's investment in this pool is reported in the accompanying financial statements at the amounts based upon the Commission's pro-rata share of the fair value provided by the Santa Barbara County Investment Pool for the entire Santa Barbara County Investment Pool portfolio. The balance available for withdrawal is based on the accounting records maintained by the Santa Barbara Investment Pool.

Note 4 – Subsequent Events

Subsequent events have been evaluated through January 23, 2020, the date that the financial statements were available for issuance.
