To the LAFCO Members,

Our names are Pier and Debbie Hoekstra and we are the trustees to the Hoekstra Family Trust and own the Cuyama Dairy 437.57 ac which is located in the proposed Cuyama Water District boundaries. We wish to support the proposed formation of the Cuyama Water Basin District. The agriculture industry is the economic foundation in the Cuyama Valley and the proposed water district sees itself as working with the counties to work to maintain the economic foundation as much as possible. We feel we are best served by having a voice.

Thank You,

FYI, attached as one group are the emails I have received copies of that I believe were sent to you by various landowner's who support the proposal and could not be at the meeting tomorrow. There could be others I didn't receive a copy of. Hopefully I'm not confusing matters, but thought you might want them as a group.

Subject: Support for the Cuyama Valley District

To the members of the Santa Barbara LAFCO, My name is Roy Harrington. I am unable to attend the hearing on August 5, but would appreciate my support for the formation of the water district in the Cuyama Valley to be known. I am a land owner in the valley, as well as a farmer there, and firmly believe our basin should be monitored by those that are intimately familiar with it. It is my opinion there are none more qualified than those that are in the area on a daily basis.

Most of us in the valley have unique knowledge of our aquifers, as well as depend on them for our livelihoods. Nobody wants our water to be sustainable more than us, and we will insure the most efficient use of it.

Thank you for your time,

Roy Harrington
