Subject: Meeting about SOI expansion along Bailey

To whom it may concern

I am writing to request that this hearing be delayed until the Feb 2023 meeting. There is no way any interested party could wade through 2000 pages of documents between 11/29 and 12/7. I'm sure I'm not the only concerned person!

Thank you for considering this request. If for some crazy reason the hearing moves forward on Dec 7, I sincerely hope it's rejected! Development of prime agricultural land is a terrible move for our community and environment; I hope Lompoc will consider a different type of foot print, like vertical, in order to develop a strong and sustainable community.

Respectfully,

Jennifer Hone
