Dear Mr. Mike Prater and the LAFCO Board,

Since 2003 I have been the user of the "temporary road" that leads to Lakeview Subdivision parcel number 045, to buy grapes from Hank Klehn (and Rick Longoria). In 2020 I bought Hank Klehn's property and continue to grow grapes and use the house there that was built in 1955.

I would like to see the LAFCO Board approve extending the Sphere of Influence of the Santa Rita Hills CSD to include the MOA Road. The construction of the MOA Road would greatly increase the safety and security of all Lakeview Subdivision property owners.

Kindest Regards,
Adam Tolmach
