**Information Regarding the Santa Ynez River Water Conservation District,
Improvement District No. 1**

Dear Members of the Commission:

Recommendation

It is recommended the Commission receive any public testimony and direct the staff to include this information with the studies of other local agencies in the Santa Ynez Valley.

Discussion

As the Commission is aware, the Santa Ynez River Water Conservation District, Improvement District No. 1, hereafter "District," has expressed concern about being perceived or classified as a special district subject to LAFCO's jurisdiction and had, accordingly, declined to provide information in the format or context of a Municipal Service Review.

Since the June LAFCO meeting representatives of the District have provided our office with sufficient information to compile the enclosed report about the District and its activities.

If authorized by the Commission we will include this information about this agency with the other materials that have been provided by other local agencies in the Santa Ynez Valley.

Please contact the LAFCO office if you have any questions.

Sincerely,

BOB BRAITMAN
Executive Officer
